

Competition Program

Students train for VEX IQ, the world's largest robotics competition. They build a robot for this season's official game, learn how teams are judged, and finish the week with an internal tournament.

DATES

**Monday 14 to Friday 18
December**

TIMES

8:30am to 3:30pm

AGES

10 to 14 years

SEATS

8 seats, book by 30 Nov

Schedule

MONDAY
Foundations

Learn the VEX IQ parts and how robotic systems work.

TUESDAY
Build

Build a custom drivetrain and mechanisms for the game.

WEDNESDAY
Design

Design, prototype and test more complex subsystems.

THURSDAY
Program

Program autonomous driving routes using sensors.

FRIDAY
Compete

Practise judging interviews and match strategy, then play an internal tournament.

What's included

- ✓ 30 hours of coaching
- ✓ One coach for every four students
- ✓ Judging interviews, design, building, programming, strategy and match analysis
- ✓ An engineering notebook and a personalised coach's report
- ✓ Lunch every day
- ✓ Selection for 2027 teams competing nationally and beyond

Rp 19.000.000

for five full days, lunch included. A 50% deposit holds a seat, with a full refund if you cancel 14 or more days before the camp.
